

Faggio non trattato

Neutro Olio A

Olio Brasil B

Olio Ebano B

Marrone Livos

A close-up photograph of a wood surface with a prominent, slightly wavy grain pattern. The color is a warm, medium brown with some darker streaks and lighter areas, giving it a natural, aged appearance.

Olio Palissandro B

A photograph of a wood surface with a fine, straight grain. The color is a light to medium brown, with a slightly uneven texture that suggests a natural wood finish.

Teak Livos

A photograph of a wood surface with a very dark, almost black, grain pattern. The texture is highly irregular and dramatic, with deep shadows and bright highlights that emphasize the wood's natural character.

Olio Tabacco B

A photograph of a wood surface with a fine, straight grain. The color is a light to medium brown, with a slightly uneven texture that suggests a natural wood finish.

Olio Noce B

A photograph of a wood surface with a very dark, almost black, grain pattern. The texture is highly irregular and dramatic, with deep shadows and bright highlights that emphasize the wood's natural character.

Olio Noce Scuro C

A horizontal wood panel with a blue stain. The stain is a deep, slightly mottled blue, covering most of the panel's surface. The wood grain is visible beneath the stain.

Olio Blu B

A horizontal wood panel with a coffee stain. The stain is a rich, dark brown color, covering the entire panel. The wood grain is visible beneath the stain.

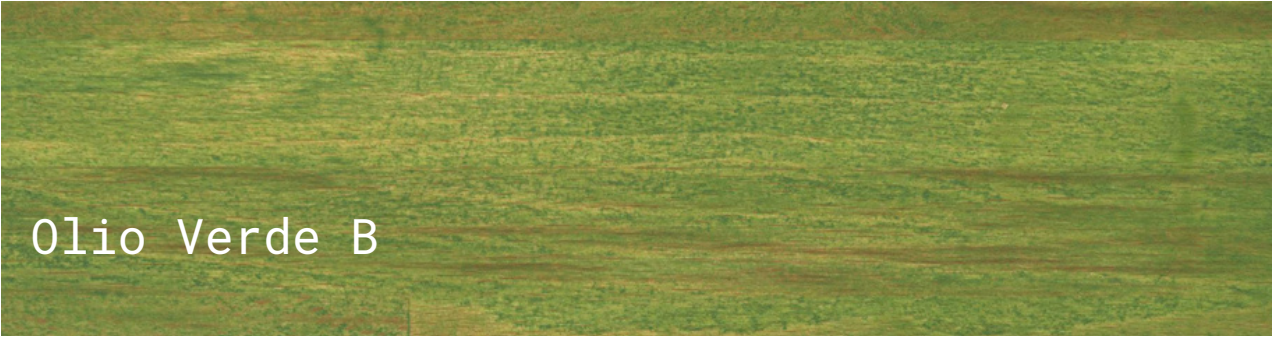

Caffè H20 C

A horizontal wood panel with an ebony stain. The stain is a very dark, almost black color, covering the entire panel. The wood grain is visible beneath the stain.

Ebano H20 B

A horizontal wood panel with a grey stain. The stain is a uniform, medium grey color, covering the entire panel. The wood grain is visible beneath the stain.

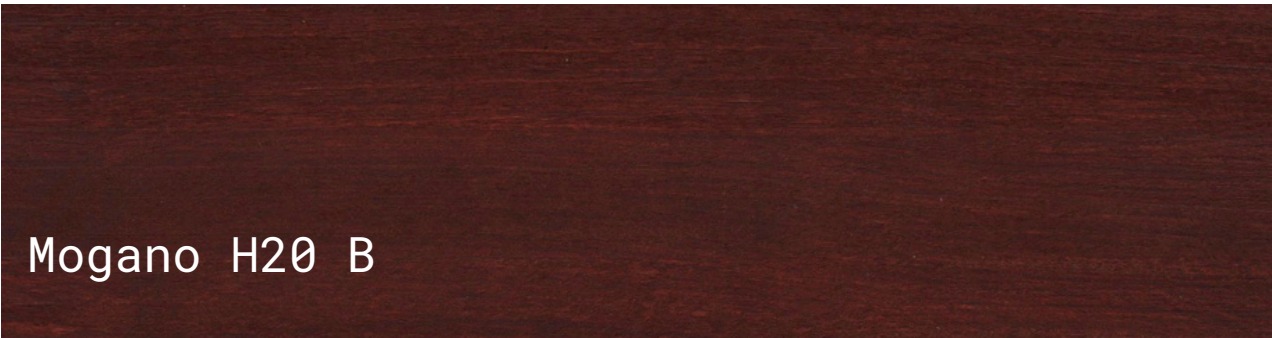

Grigio H20 C

A horizontal wood panel with a green stain. The stain is a vibrant, medium green color, covering the entire panel. The wood grain is visible beneath the stain.

Olio Verde B

A close-up image of a wood surface with a deep purple or violet stain. The natural wood grain is visible, running horizontally across the frame. The color is a rich, slightly mottled purple.

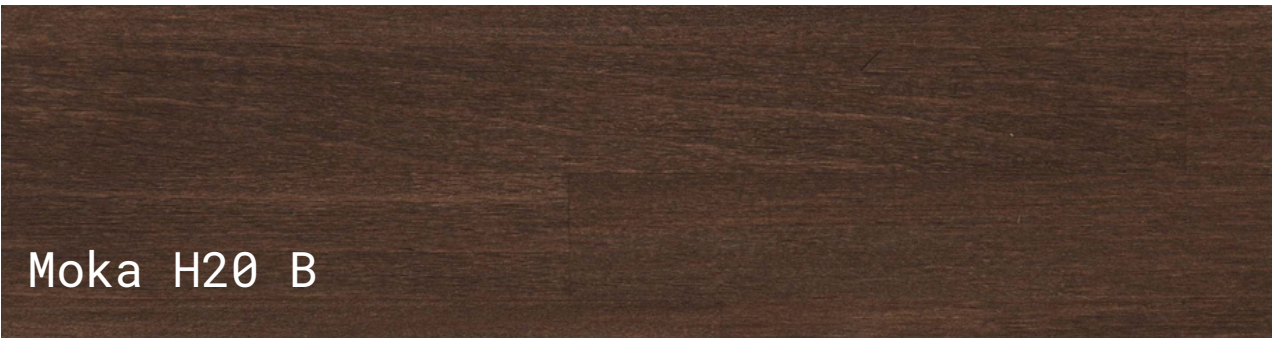

Lilla Olio B

A close-up image of a wood surface with a dark, rich brown stain. The wood grain is clearly visible, showing a mix of straight and slightly wavy lines. The color is a deep, uniform brown.

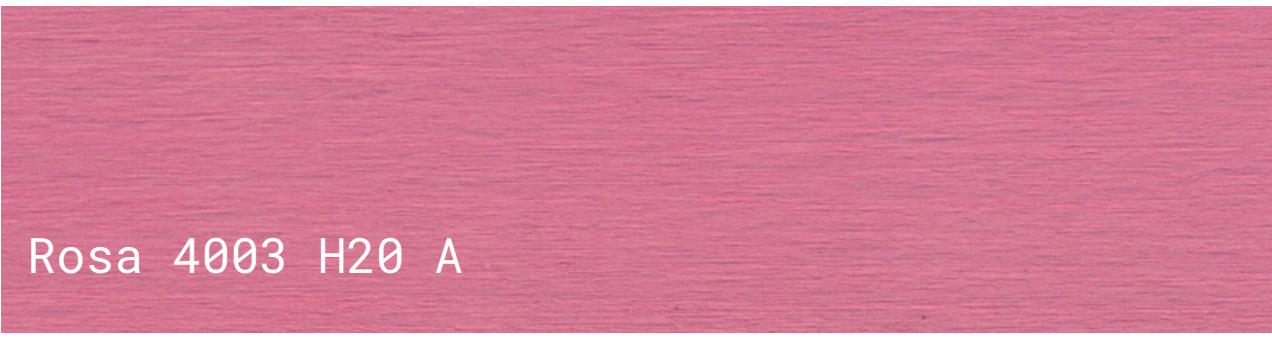

Mogano H20 B

A close-up image of a wood surface with a light, natural brown stain. The wood grain is very prominent, showing a mix of light and dark brown tones. The texture appears slightly more pronounced than the other samples.

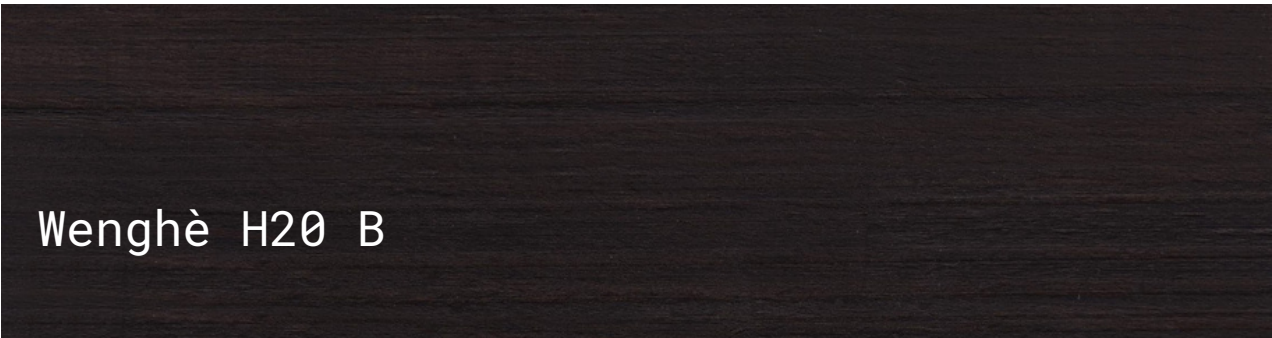

Sayerlack A

A close-up image of a wood surface with a dark brown stain, similar to the Mogano sample. The wood grain is visible, with some darker areas and lighter highlights. The overall tone is a deep, slightly darker brown than the Mogano sample.

Moka H20 B

A close-up image of a wood surface with a vibrant pink or magenta stain. The wood grain is visible, with the pink color covering most of the surface. The texture of the wood is still apparent through the color.

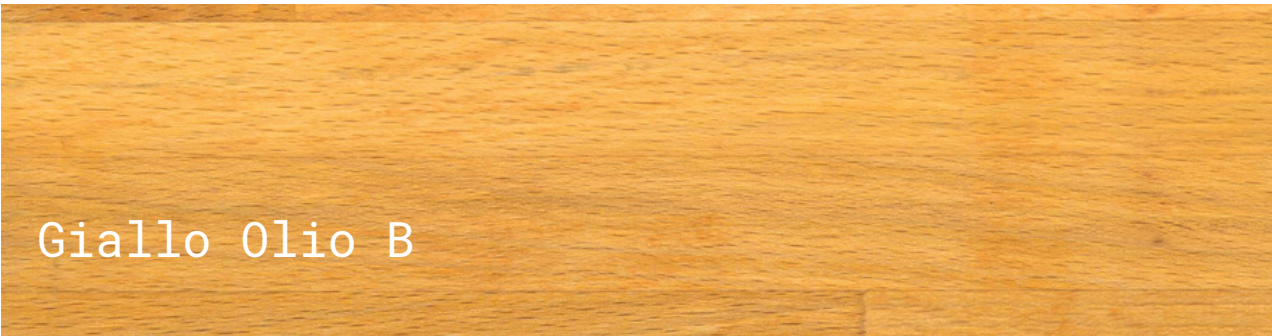

Rosa 4003 H20 A

Wenghè H20 B

Bianco Olio B

Giallo Olio B

Bianco H20 C

Avorio OL C

A close-up image of a wood surface with a warm, medium-brown tone and a fine, slightly irregular grain pattern.

Tabacco Livos A

A close-up image of a wood surface with a dark, almost black-brown color and a very fine, uniform grain.

Ebano Livos A

A close-up image of a wood surface with a rich, dark brown color and a prominent, straight vertical grain pattern.

Palissandro Livos A

A close-up image of a wood surface with a light, off-white or pale grey color and a very fine, uniform grain.

Bianco Livos B

A close-up image of a wood surface with a warm, medium-brown tone and a fine, slightly irregular grain pattern, similar to the Tabacco Livos A sample.

Noce Livos A
